General information:

Dear organizer,

We are looking forward to our concert with you!

As musicians, we are on some technical requirements instructed.

These are in the form of this "Technical Riders" a fixed stay for a smooth gig.

This is not set in stone and can be adapted in some points to the local conditions by arrangement, preferably beforehand.

For open-air events, the stage must also be properly protected from the weather by the roof and walls as well as by a flat stage floor.

If there are any doubts, please contact us at least two weeks before the performance date.

We are looking forward to a smooth and pleasant cooperation!

- nach arrival tape a house technician, FOH / mixer should be permanently on site.
- For the construction and a short sound check we need approx. 60 minutes.

Sound / PA system:

Contact details: Novel Wollak (Juno) / Neusiedlergasse 32 / D-2244 Spannberg

Tel: +43 699 11828054 / E-Mail / Roswell606@gmx.at

<https://www.facebook.com/Roswell606/>

The facility should be appropriate to the venue and in a be technically perfect condition.

At least one technician must be present during the entire event. are available. For possible damage to the local clay and Lighting system is liable to the organizer.

Monitoring

Minimum: 2-3 floor wedges, of the same type 15"/2", individually miscible.
1x Drum Fill Monitor.
