

# NUDI TRA I MUSICANTI

## Band disclaimer:

The band "Nudi tra i musicanti" from Göttingen, Germany, knows how to delight not only with its tongue-in-cheek lyrics about unfulfilled love, suspiciously high sugar consumption, wrong partner choices or analogue people in the digital age, but also with groovy rhythms and memorable melodies. Founded in 2012 as an Italian/German quartet, the band became fully international when they took on board a second guitarist from Costa Rica in 2018.

With their two studio albums "More than naked" (2014) and "Sinfonia No.2" (2018), Nudi tra i Musicanti inspire with a very colourful program of different music styles: from Pop, to Disco, from Blues to Surf rock, from Ska to Rock'n'roll, they truly make everyone jump! ... and it's when the Buletten meet Spaghetti and Chianti and Bier flow in rivers, that all finds its climax in a delicious "Pizza con tutto" (but no pineapple!) - baked with a loud „Olé“ for an evening of music enjoyment.
