House, Tech House ,Deep House / producer

Nano Garrido, Sevillano musician and composer is undoubtedly one of the most influential and emerging DJs and producers of the Costa del Sol. Based in Marbella since 1992, he has known how to combine the experience acquired in mythical prestigious halls such as Dreamers in his work as a manager where the best electronic artists have passed.

He has traveled a large part of the national territory in the most important clubs where they have been able to enjoy his sets, sharing a booth with the best national and international DJs, his sets are energetic and funny, where he mixes the deep, tech house and techno sounds, DJ The best clubs and beach clubs in Ibiza, Marbella, among other places, continue to show their musical versatility with the most electronic and avant-garde sounds.

He is currently immersed in his weekly program on BeachGrooves Radio with more than 250 programs at his back, also in his role as a music producer, preparing his new references that will be released shortly, with collaborations of great DJs and artists, his great talent for the musical composition, has made him refine a very defined style in his productions where we are sure that he will not leave anyone indifferent, since his style is unmistakable and innovative.
