

Hailing from Belgium, SLAUGHTER THE GIANT was formed in 2018 and a first try-out show already followed in August of 2018. Since then they played 50+ shows in Belgium, Germany and Holland sharing the line-up with notable bands like Demonical, Psycroptic, Caliban, Aversions Crown, At The Gates, Incantation and Malevolent Creation.

The Melodic Death Metal formation released a well received EP 'Asylum Of The Damned' in 2019.

October 28, 2022 marks a new start after the pandemic with the release of their debut album entitled 'Depravity'. After hearing the album, HAMMERHEART RECORDS was happy to join forces and will take care of the worldwide distribution.

Expect an energetic live show, fast riffing, blastbeats and catchy melodies and solo's!

Line-up:

Joren Baert (drums)
Jeroen Broos (guitar)
Benny Ubachs (vocals)
Daan Vangoidsenhoven (bass)
Timi Devos (guitar)

“One of the hottest deliveries of Melodeath this year so far. Death Metal reinvented in a way.”
