Like the title „Ad plures ire“ indicates, for 10 years Silent Leges Inter Arma from Northern Germany walked among the dead, took their time not only to build their own studio, but also writing and recording their second full-length, lyrically diving deep into the Gilgamesh epic. As a result „Ad plures ire“ presents itself as a skillfully crafted fusion of historic content, highly detailed visuals and progressive, yet traditionally rooted Extreme Metal.

The album „Ad plures ire“ was released on **14/01/2022**.
