COWBOYS AUS DER HÖLLE

# FAST HARDROCK MADE IN HAMBURG

ROCKENBOLLE, the „Cowboys from hell“, well known in many scene music clubs in Hamburg, are now moving to the bigger stages. With their album "Der Teufel spielt den Rock'n'Roll" (The Devil is playing the Rock'n'Roll, released in 2020) they got the attention of the hard- and punkrock scene.

Hardrock is not redefined to pick up the audience. The audience gets what they expect: fast hard'n'roll without ballads being smuggled into the concerts. The songs are finely crafted without getting lost in details.

"We love rock'n'roll"  
...and the audience gets to feel that.

„...man kann mit einem breiten Grinsen zur Kenntnis nehmen, dass die Fackel der englischen Legende nach wie vor kompetent weitergereicht wird...“  
(Metal-Inside)

„Das die Jungs den Rock 'n' Roll leben spürt man in jedem Song...“  
(Skulls&Bondes)

"Rockenbolle adopt a more fast paced Motörhead meets The Ramones type of sound."  
(sleazeroxx.com Kanada)

"...Motorhead meets Supersuckers. (...) that's what you're getting here."  
(the-rocker.co.uk)

"Der Teufel spielt den Rock'n'Roll" is full of people call today Punk'n'roll, a term that now I see what it means. Thanks to Rockenbolle fold and the powerhouse "Der Teufel spielt den Rock'n'Roll" whose energy spreads all over."  
(metaladdicts.com)

"Bei ROCKENBOLLE wird nicht dumm geriffelt, sondern Überschallblues gespielt, dies hebt die Hanseaten letztlich aus dem Wust deutscher Doofkopp-Rocker hervor."  
(Musikreviews.de)

"Yeah, es gibt sie noch! Bands, die mir nicht mit Allüren und Diva-Gehabe kommen, sondern klare und direkte Ansagen in bester Rock ,N' Roll-Manier machen. So wie ROCKENBOLLE aus Hamburg."  
(bikesmusicandmore.com)

„If you like your guitars loud, your beer cold and a massive side order of attitude to go with it, than ROCKENBOLLE are the band for you, no question !“  
(POWERPLAY Rock&Mteal Mgzine UK)

„...bei den meisten Songs schießt das Adrenalin ins Blut und man will einfach nur dabei sein, mitmachen, mitsingen.“  
(Newcomer-Treff Newcomer-Treff)

„Thankfully the genres (metal and punk) have been cross-pollinating and the time is right for ROCKENBOLLE to conquer the world with their unique mash up of metal and punk.“  
(Pulse-Alternative Magazine)

"...Bei Rockenbolle gibts was auf die Nüsse, denn die Hamburger rocken in etwa wie Motörhead ab den 2000ern. Immer nach vorne, kein Blick nach links oder rechts, immer mit vollem Einsatz voll auf die Zwölf....."

# BIOGRAFIE

There was a time when punk and metal were enemies and woe betide the long-haired guy who ended up at a punk show (and vice versa). The divisions were always thought to be ridiculous, as metal and punk were both energetic and anti-authoritarian forms of music. Fortunately, the genres have cross-pollinated, and the time is ripe for Rockenbolle to blow the world away with their blend of hard rock and punk rock. Originally formed in 2005, Rockenbolle have played every dive and small party in their hometown of Hamburg. This makes the trio a live machine that transfers their energy to the audience. Loud, fast guitar music with passion. "The cowboys from hell", as they call themselves, are drawn to the big stages. Their first album "Alles kann, Nichts muss" has already been well received in the scene, even if the big hit has not yet been achieved here. Their second album "Der Teufel spielt den Rock 'N' Roll" (The Devil is playing the Rock n' Roll), released in 2020, achieved high honors right from the beginning, e.g. in two categories at the German Rock&Pop Award 2020, second place as "Best Hardrock Band" and second place as "Best Hardrock Album". Currently ROCKENBOLLE are working on new songs for their third album.
