

THE
ROADBLOCKS
★ *Streetpunk* ★
est. / 2016

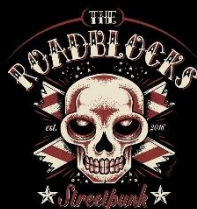

THE ROADBLOCKS is a punkrock-band based in the south of germany, founded in 2016 by Chris (Guitar & Vocals), Tom (Guitar & Vocals), Kevin (Bass & Vocals) and Dennis (Drums).

Influenced from early '77 punkrock-heroes to actual streetpunk-acts THE ROADBLOCKS play their unique kind of style. Sometimes melodic, sometimes rough, always forward.

They've supported bands such as HASS (D), GUITAR GANGSTERS (UK) or THE PEACOCKS (CH) and are hungry for more shows to come!

“... simple melodies, three-chord-symphonies - the voice of a generation, streetwise-poetry ...”
