

The Restless Movers

When Sean McGurrin and David Eckstein started playing together in Germany, Belgium and France in 2012 they knew instantly there were songs to be written. And so it began. The search for the other Restless Movers came to an end when Benjammin' Knoke on bass and drummer Andy Braun joined them in late 2013. The Restless Movers were finally born at their first Live-Show in Karlsruhe, GER in December 2013 and have recorded their first 4-Song-Ep „Running A Mile“ in eiszeit-studios in march 2014. Driven by restlessness they are playing plenty of live shows and delivering a soundtrack for life in this fast, never sleeping world with their urban mixture of rock, folk and a nice slice of maximum R'n'B. Enjoy!
