Vocals:

1x XLR Cabel, min. 9m & Stand on center position

K-MIM

Stage Plan:

Additional equipment:

Information

Furthermore we will come with one van (or two cars) to the location and we are 6 persons (4 Band – 2 Crew). We are all carnivores and don't have any kind of food allergy.

Backstage

A separate room for the band to get some rest before and after the show. It would be great to have some sofas, tables, chairs, a mirror and sink.

Food & Drinks

6 meals or 6x 10€ to buy-out

12 bottles (1 liter or more/bottle) cooled, non-carbonated water for stage and backstage

12 liters of other cooled drinks (juice, softdrinks and coke)

12 liters of beer

Stuff

We will need a qualified sound engineer, stage technician and lights technician. At the moment we do not have a regular engineer, so we depend heavily on the staff on-site.

Merchandise

A table of approx. 1.5m length and 2x Poweroutlet 230VAC for our merchandising.

Arrival

Please provide detailed directions in german or english language two weeks before the date of the show with the complete adress of the venue and a telephone contact.

We need a safe parking space available for the van close to the venue. Please provide arrival, soundcheck and doors-open and on-stage times. The promoter or another person should be at the venue at arrival time.

THANKS A LOT FOR ALL YOUR HELP!!
