

# Amida Falls

## *Technical Rider 2019*

This rider should help the organizer and the band to ensure a smooth running of the joint event. Please read the requirements carefully and note that the Rider is the subject of the contract. For technical questions, please contact: Jan Seemann: [seemann.jan@gmail.com](mailto:seemann.jan@gmail.com)

Thanks a lot!

### **PA-System**

The sound system should be a PA system suitable for the event space. Upon arrival of the musicians it should be measured and tested.

### **Monitoring**

On Stage we need:

2Wedges + 1 Drumfill

Mix 1- Guitar (StageRight / 1 Wedge) - **Todor**

Mix 2- Bass (StageLeft / 1 Wedge) - **Jan**

Mix 3 - Drums (Drums /1 Drumfill) - **Fabio**

### **Mixing desk**

The mixer should have at least 24 free channels and a fully parametric EQs.

### **Stage / Personnel**

Amida Falls travel without their own technicians .

Upon arrival of the band, the stage must be cleaned and ready for occupancy.

In open-air events, the stage must also be properly protected from the weather by roofs and walls as well as by a flat, level stage floor.

We travel without lighting technicians and look forward to a competent, creative lighting technician, who illuminates the show moody. We are pleased to have a competent, sober and well-rested sound engineer who is familiar with the electrical system from the get-in to the end of the technical event.

Amida falls is a trio and plays high-energy, Fusion-Jazz Music.

Thank you for taking the time to read this rider. If details can not be realized, we kindly ask you to contact our technical contact person.

We look forward to a good cooperation and a successful live show!

Jan Seemann: +49 15788664662 / [seemann.jan@gmail.com](mailto:seemann.jan@gmail.com) (Bass)  
Todor Manojlovic: +4917631417816 / [todor.manojlovic94@gmail.com](mailto:todor.manojlovic94@gmail.com) (Guitar)
