# BENT NOT BROKEN

## SAME PLANET DIFFERENT WORLD

The new album, released April 2013 | label: yearningrocks  
15 tracks, featuring "Watching the World", "This Is" and "Sick and Tired"

Sounds like — Bent Not Broken's music is the melting pot of rock'n'roll, absorbing it's influences from rock, metal, alternative, grunge or blues and forming something new and familiar at the same time. Recommended if you're into Foo Fighters, Danko Jones, D.A.D. or Lostprophets.

Reads like — Bent Not Broken's lyrics are written from the bottom of the heart. "Same Planet Different World" sums up a list of events which happened over the past few years. Jörn says: "It was never intended to come up with a concept album, but somehow it is."
