Press Kit

## Bio

German based Dreamy Metal Band "Altered Rebirth" presents a modern blend of heavy music, cinematic ambiences and distinctive vocals. Emotional exploding lyrics and a matchless guitar work are materialized by the talented musicians into a musical journey through stories life has written.

The first EP „Chapter I" focuses on different experiences about fighting depression and sleep disorders like sleep paralysis and insomnia in today's world. Since 2023, they created their own musical identity and fused together different metal subgenres with dreamy synths, creating melodic soundscapes you won't get enough of.
