## The Sound Monkeys – Band information

### Press release

„*The sound monkeys* is a garage punk duo from southern Germany that sounds like a trashy 90s punk group scrambled with poppy-melodic vocals and flavoured with the sound of your neighbours' kids trying to start a band in their garage. Started in 2013 they toured through several European countries within the last years to let their image as a local phenomenon behind and become one of the most enjoyable scene-bands of current times. So get on your dancing shoes and catch their cheerfulness."

Style                      Garage-Punk / Power-Pop

### Besetzung

Vocals, Guitar              Jonas (Pommnitz)  
Drums, Vocals              Freya (Bachmann)

### Quotes about *the sound monkeys*

„I'm really impressed by your band, you're a little phenomenon. I hope someday someone will make a documentary about you. I really mean it, I guess people have to see you live to understand what you're doing.“ – Kevin Kuhn, Drummer at *DIE NERVEN*

*"Here we have specialists for great feelings, even with a small budget. Since ever DIY-inspired Garagerock or Power-Pop, whatever. This is the place where i want to go, i want to be at a punk rock show. With your mother. Cheeky and full of euphoria. The Thermals, Redd Kross & Mink Lungs are close. Definitely the most positive band this evening."* – Maurizio Massaro, Pavlov's Dogs Web Magazine

## **The Sound Monkeys – Travel-Conditions**

Crew: Additional to our two-piece band there will be 1-2 crew-members (we're going to tell you the exact number of people in advance).

Food:

We prefer vegan food, if this is not possible the food should be at least vegetarian.

We have no special wishes regarding beverages. Some regular water would be great or maybe surprise us with some nice lemonades.

Accommodation:

Don't worry, there's no necessary need for a fancy hotel (even if we like hotels). A warm place with a bed/mattress/couch for everyone is absolutely fine. A shower would be great as well.
