### Message from INFINITAS

«Discover what you are capable of & listen deep into **your heart**. What is it whispering?  
Everything you need to achieve your **dreams**, is already inside of you.  
Be strong and face your inner fears.

**Let the music flow through you** & dive deep into the fantasy world.

Can you hear the demons' screams?

You've created them and only you can banish these creatures.

**You are the creator of your life**. Become one with the music and you will overcome everything.

Are you ready? Then....Let the journey begin... »

**INFINITAS** open the door to another world and leave you enchanted! They radiate pure **joy of life, power** and **energy** on stage.

**INFINITAS** used this energy and acted as **support act** for **ELUVEITIE**, at **MetalDays Slovenia**, at **Z7 Pratteln** and have shared the stage with acts like **ALESTORM, CORONER** und **BUTCHER BABIES**.

Each song tells the story of a **demon** wreaking havoc in the fantasy world.

In their **2017** debut album **CIVITAS INTERITUS**, Adelar's hometown Lunatris is completely destroyed by demons within one night. The fight for survival begins. But are all demons really evil? Or do they serve a higher purpose? What if they are a mirror of our reality?

Fantasy and creativity characterize **INFINITAS** in a special way. The single **Skylla**, released in **2018**, catapulted the band into **Swiss charts** at **#19** (two weeks) and four weeks at **#1** on the Radio Sunshine **listener charts**.

A year later, the album **INFERNUM (2019)** was released, which continues the story around Adelar's personal hell. **INFERNUM** is a lot darker and heavier than its predecessor. And is the first part of the trilogy **MEMORIA**.

2 singles were released with **INFERNUM**. **RAHU (2019)** spent 2 weeks at **rank 1** in the Radio Sunshine **Hits** and 4 weeks at **rank 3** in the Radio Sunshine **listener charts**.

Insider tip: **Chrigel Glanzmann's** vocals (**ELUVEITIE**) are featured on the track "**Tiamat**".

**Rank 19** in **Swiss-album charts, MetalDays Slovenia, Z7 Pratteln & Support for ELUVEITIE**
