

# REVOLUTION PARADISE

## Facts

With NU-EMO, REVOLUTION PARADISE starts the resistance of a young generation against outdated social norms!

The band not only thinks about it, but also packages this spirit of optimism of the revolution in their band name and, above all, in their songs. Because: The Emo Revolution starts now!

REVOLUTION PARADISE emerge from the new emo punk/post metal wave and got off to a sensational start: After the band was founded in 2021, the 4 musicians are immediately delighting audiences in metropolises like London and Berlin. They release their first songs in 2022 and are already hitting the 20,000 streams mark in the first attempt. In 2023, the band made it to the Germany finals of the Emergenza Band Contest and played at the renowned Rock Treff Festival in Berlin.

With their energetic and at the same time emotional songs, REVOLUTION PARADISE constantly address topics such as allowing feelings and the courage to be different. The band impressively combines extremely catchy hooks from singer Noah with emotional rap vocals from rapper Leam.

At previous concerts, the band caused emotional outbursts among the mostly young fans with their explosive mix of genres and are now ready to take the next step.

The band is currently booking further individual and festival appearances and is being discussed as support on tours for larger bands.

REVOLUTION PARADISE is ready to go their own way. This path does not mean being what others demand, but understanding emotions as revelation and thereby shaping a new world in which "being different" is the new norm: JOIN THE EMO REVOLUTION
