

TT GEIGENSCHREY PROJECT - PERFORMANCE - RIDER:

1) TT Geigenschrey: Elektrick Viola + Effect Board (Distortion / Reverb / Octaver / WahWah etc)

- via Tube Guitar Amp (Fender or Laney or Marshall) miked up into PA Mixer and needs at least one better 2 monitors from front to hear himself and drumsignals mix exactly while playing & improvising

2) a) Project Guitarist: Guitar + Effect Board via Tube Amp

- miked up into Mixer /PA + Monitorbox

or / and

2 ) b) or 3) Project Bass Guitarist + Effect Board via Tube Amp

- miked up into Mixer /PA + Monitorbox

(( TTG Project plays live with Guitar and Bassplayer or either or - with Guitar only or bass only

- so sometimes only with Baritone Guitarist or only with Bassist ))

4) or: as Violin-Drums Duo with 1 Drummer miked up and + with 2 Monitors of Violin Sound ((to accompany exactly and improvise react exactly by ear to the violin structures and atmospheres live..))

5) or: as a E Violin- Double Drums Duo with 2 synchronized or duetting Drummers both miked up with several microphones and suited with + 2 Monitors of Violin + Bass or+ guitar Sound (( each to accompany exactly and improvise react exactly by ear to the violin structures and atmospheres live..))

So Violin - Solo / Duo / Trio / Quartet Formations are possible.....
