CONFESS YOUR SINS!

In 2016 anno Domini, the Vatican decided it was about time to relaunch the Holy Inquisition and appointed the members of **ECCLESIA** to fight the heretic and to put up stakes wherever it may be necessary.

Thus **ECCLESIA** released their glorious first demo “Witchfinding Metal of Doom” in June 2017, offering a compromise between heavy metal, doom riffs and monastic chants.

2018 anno Domini was the year of the band’s very first live appearance before entering the studio a few months later in order to record their first album..

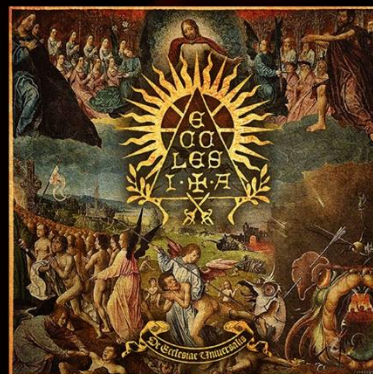

ECCLESIA’s first full-length effort “De Ecclesiae Universalis” came out in November 2020 on Italian label Aural Music. However, due to the corona pestis pandemic going on at the time, the boys in red had to wait until 2022 to hit the stage again.

Today in 2023 anno Domini, **ECCLESIA** are about to unleash onto the world their second album “Ecclesia Militans” and are preparing their coming to a church near you.

BURNING YOUR LOCAL WITCH

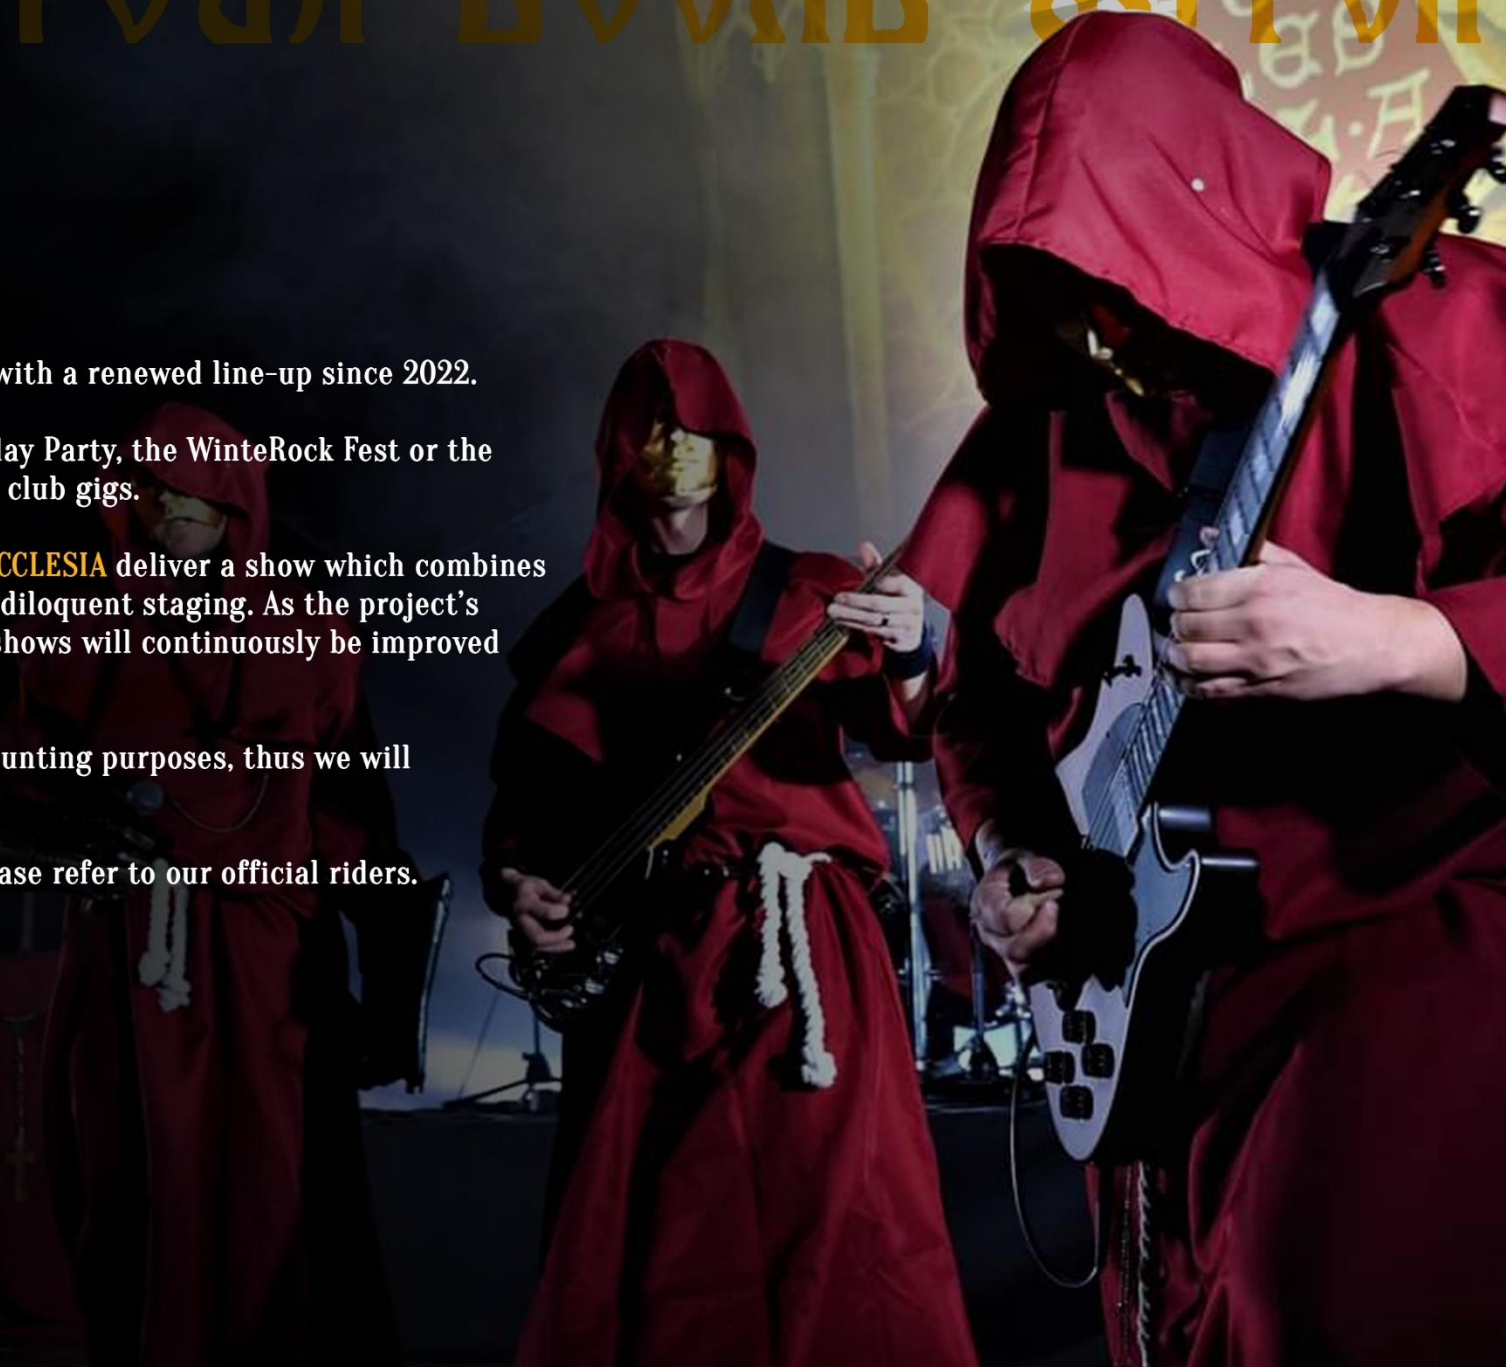

ECCLESIA have been performing live exorcisms with a renewed line-up since 2022.

The band have appeared at the Metallian Birthday Party, the WinteRock Fest or the Stormcrusher Festival in Germany, among other club gigs.

Be it on big festival stages or smaller venues, **ECCLESIA** deliver a show which combines heavy metal tradition, catholic liturgy and grandiloquent staging. As the project's universe allows thousands of possibilities, the shows will continuously be improved through time.

The Holy Inquisition is well equipped for witch-hunting purposes, thus we will be glad to come and preach in your city !

“De Ecclesiæ Universalis is just a crazy good time, and a stunning debut album. It provides a masterfully orchestrated heavy metal mass full of crusades, witch trials and burning heretics.” - Metal Rules

“As a whole, the release has a fantastic energy and atmosphere, which really compliments their dark lyrical theme. If this is the band’s first album, then I’m sure that they have a bright future ahead of them.” - Cave Dweller Music

“De Ecclesiæ Universalis will be sitting in my high rotation stack for the rest of the year and will likely rank on several top of 2020 lists. Highly recommended. Great stuff here.”
