3	Bass	DI (Amp)	Compressor
4/5	Sampler	DI	
6	Bassdrum	AKG D112	
7	Snare	Shure SM57	Reverb
8	Hihat	AKG C391	
9	Racktom	Sennheiser BF 504	
10	Floortom	Sennheiser MD421	
11	Overhead left	AKG C391	
12	Overhead right	AKG C391	

Please provide:

- Drum riser
- 1x microphone stand for vocals
- all microphones mentioned above (equal microphones are fine) with cables
- sockets front left
- sockets front right
- sockets front center
- sockets Drums

Sound Setup

- The male vocals are sung low and deep. They need strong compression to be in the focus. Turn loud!
- Bass guitar shall be at an equal volume as both guitars
- Guitars not too loud, please
- We prefer a soft and warm drum sound. Not too punchy!
- Don't forget about the sampler, which replaces the keyboard ;-)
