"This is the magic sound of music"

Mahatma Gandhi

ABOUT

Founded in 2017, this is the 2. Album from Oceanys. With a fat rhythm section with Michael Pass on drums and Detlev Gebers on Bass, Matthias Steinhagen on Violin & Voice, Steven Steinhagen on Guitar and Voice, Oceanys present dancable beats with harmonic voices, intoxicating violin tunes and solos in the stile of Genesis, U2, Sting, Coldplay or Jean Luc Ponty (referred to the fidel). You find on the Album as well Reggae/Dancehall influences, realized in german. With their voices that can sound as well soft as rough, Oceanys sing about love, freedom, peace, to safe the oceans, about selfdiscovering and -realization and a fair world. And: Enjoy your life!
